## EQUIPMENT MANUFACTURED FOR WATER TREATMENT PLANTS

- 1. Raw Water Rate of Flow Indicators**
2. Raw Water Flow Indicator, Integrator and Recorders
- 3. Open Channel Flow Meters**
4. Flocculators
- 5. Clarifier Scrapper Bridges**
6. Constant Bleed Arrangement for sludge removal
- 7. Alum Dosing Equipment**
8. Lime Dosing Equipment
- 9. Bye pass gates**
10. Flat Seat Valves for filter inlet and washout
- 11. Filter Under drain fittings/systems**
12. R.C.C./Cast Iron Header Tees
- 13. Filter nozzles**
14. Filter outlet flow controllers
- 15. Loss of Head Gauges**
16. Rate of Flow Indicators for clear water
- 16. Air Blowers**
17. Chlorinators
- 18. Ammoniators**
19. Chlorine Safety Equipment
- 20. Empty Chlorine Cylinders & Tonners**

21. Lifting tackles for Chlorine Tonners
- 22. Bleaching Powder Solution Dosers**
23. Quick opening valves for flushing of settling tanks
- 24. Water Level Indicators for Underground reservoirs**
25. Water Level Indicators for Overhead reservoirs
- 26. Laboratory Flocculators**
27. Turbidity Meters
- 28. Turbidity Scales**
29. pH Test
- 30. Chlorine Test Set**
31. Sampling Tables
- 32. Overhead Travelling Cranes**
33. Wash Water Flow Indicators.
- 34. Head Stocks for Valve operation**
35. Automation products
- 36. Flap Valves for waste water pipe line**
37. Cast Iron foot steps
